STAFF PACKING LIST

Below you will find a guide to use as a reference in packing the appropriate clothes / apparel for camp. Please feel free to use your best discretion when packing items that suit you best. We would ask that you only pack your belongings in soft luggage if possible, so that we may store it for you during the summer.

As a reminder, all clothing must be appropriate for camp, having a modest cut and without any alcohol, cigarette, foul or suggestive slogans or logos on it.

- ❖ Remember that staff will be required to wear a camp staff shirt from 8:00 AM until 6:00 PM every day.
- ❖ Staff will be given 2 shirts during orientation at the beginning of the summer and will be able to purchase additional staff shirts at the same time – there is no need to pre-order these staff shirts.

Iroquois Springs will be happy to provide blankets, sheets, pillows, pillowcases and towels to those international staff that choose not to bring these items to camp. We will distribute these items when you arrive for staff orientation. (American & Canadian staff should bring their own bed linens, blankets and towels)

Those of you, who would like to purchase “official” camp clothing or would like a one-stop shopping experience to find camp gear, please go to our licensed camp outfitter at www.cloz.com.
